Dear parents/carers,

As a school, we recognise how challenging it can be to support your child during lockdown. This can be especially so if your child has specific educational needs.

We are now coming to the midpoint of this half term of remote learning and our SEND Department has compiled a list of links to specific websites that we hope will be helpful for you at this time.

While these links should provide you with some tips and advice, we would encourage you to contact us if you have any specific concerns you wish to raise with regards to your child and their needs. We will continue to update our website throughout this period and would welcome any comments you may have

Kind regards,
